Documentation Management

What is the price of not Controlling your documents?

Everything....

Drawing Control Issues

- Can't find a drawing?
- Misplaced it?
- Misfiled it?
- Is it the latest revision?
- Parts ordered on correct revision?
- Secure archived drawings?

Drawing Control

(what we really want)

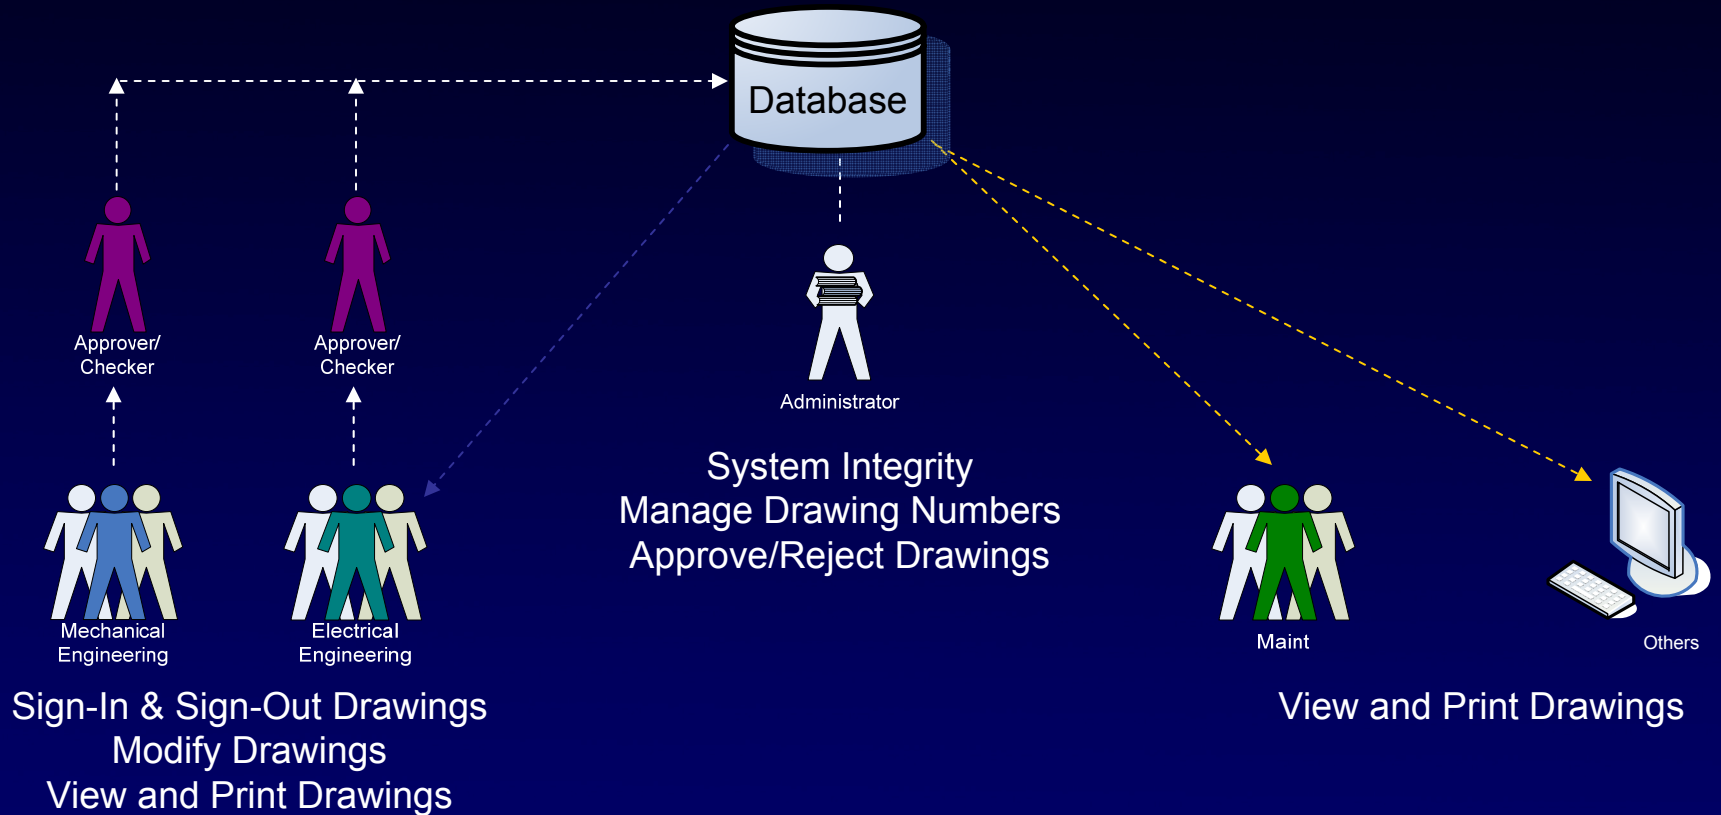

- Documents are no longer lost, misplaced or misfiled.
- Valuable staff time is no longer wasted in the never ending search for documents.
- A single access point.
- Security is substantially enhanced.

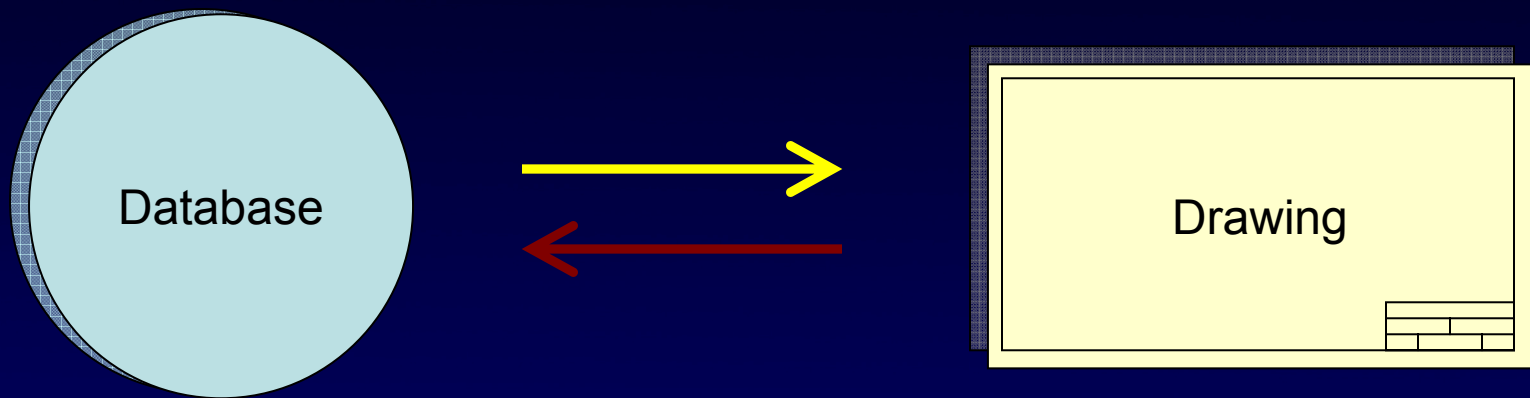

How To Get Started

- Define Goals
- Define Budget
- Establish Procedures & Policies
- Establish Central Filing and Directories
- Define which Documents
- Define User Privileges

Building Work Flow

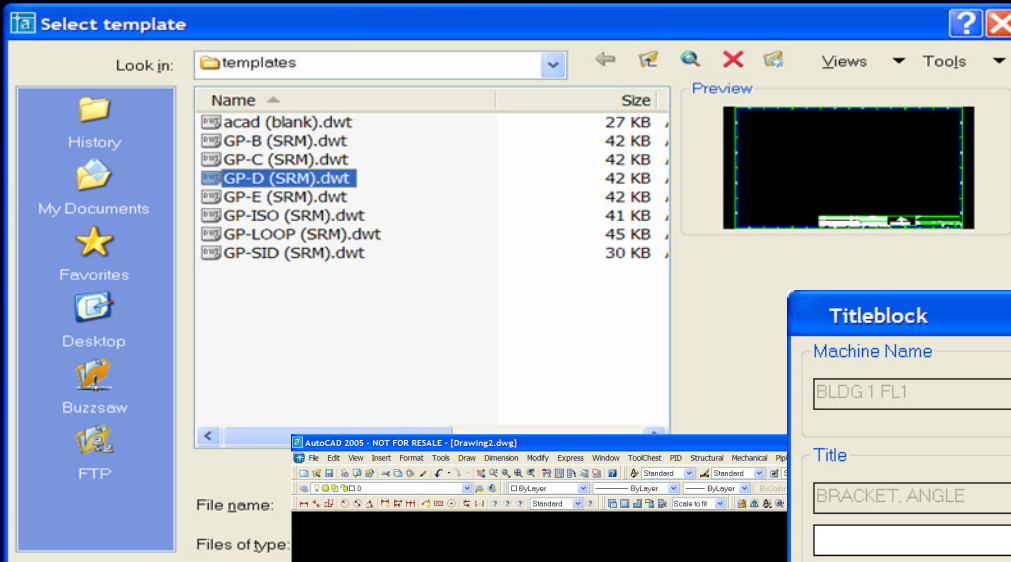

Bi-directional Communication

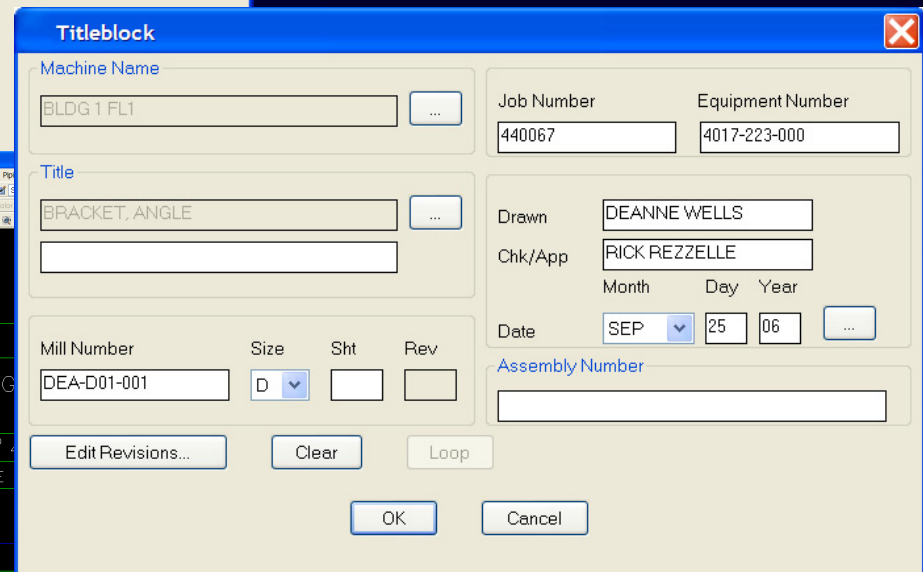

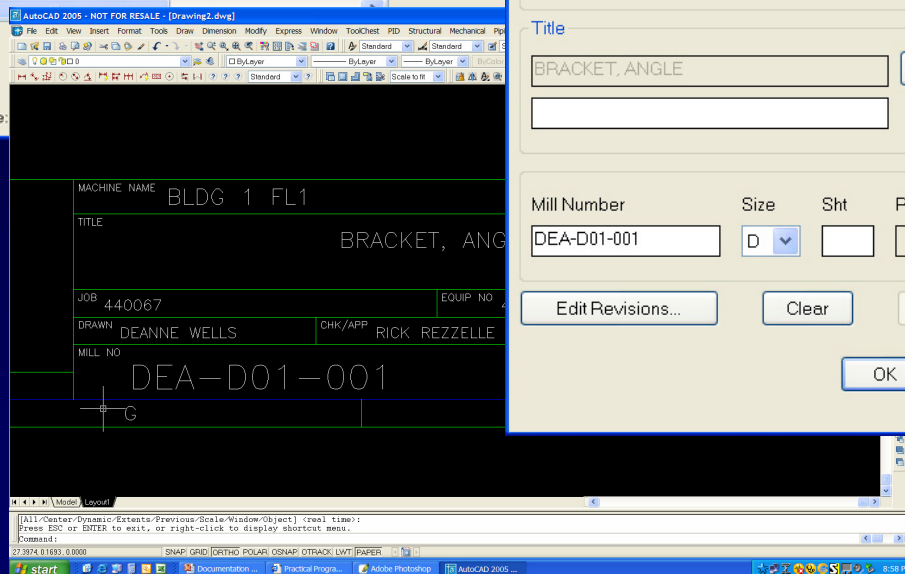

Link your database and drawings for seamless integration

Controlling Data in Drawing

Create custom titleblocks and templates for AutoCAD

What is the Cost?

- Software
 - Database – many prepackaged solutions are available
 - AutoCAD – titleblock customizations
- Data Conversion
- Training
- Think for the future...
(other types of documents to control)

R.A. Rezzelle can provide...

- The expertise to make sure that your software implementation goes smoothly
- Resources for managing your Documentation System
- Training
- AutoCAD Design/CADD Services

“Supporting all the needs of your engineering department.”
